

## MUNICIPAL MATTERS.

## Councilmen Still Discussing the Water Rates.

## THE POLICE COMMISSIONERS.

The Law in Regard to Lotteries to Be Amended—Applications for Positions on the Force—Fire Commission.

The City Council was in session all day yesterday, in Committee of the Whole, on the water-rate ordinance. The weather outside was very disagreeable, owing to the rain, so the city solons had a big fire built and proceeded to make themselves comfortable.

The well-thumbed ordinance was gone over and over again, and was finally adopted by the committee with the following changes: The rate for lawns is fixed at 1 cent per foot for lots 150 feet, provided the minimum lawn rate shall be 25 cents, and with a provision for a special contract in cases where an extra large amount of water is required for lawns and shrubbery. All meter rates are eliminated, except in the case of manufacturing establishments, and other cases where the price is not covered by the house rate.

The action of the committee yesterday, it is understood, is in no sense final, but the matter will come up again in the Council Monday, when any and all persons interested will be given a further chance of being heard. The meter question is where the trouble comes in, opinion being divided as to whether meters are a good thing for the consumers, or otherwise.

**POLICE COMMISSIONERS.**  
The Police Commissioners met in the Mayor's office yesterday afternoon, with Commissioner Dexter in the chair, and Commissioners Collins and Lewis were present.

The matter of the petition of the District Telegraph Company, to erect a sign in front of their place of business on Main street, was referred to the Chief with power to act.

The City Tax Collector reported the following saloons closed and licenses unpaid, under the rule, the same were revoked: F. Kerkow, Main and Requena streets; C. Kaphal & Co., Olympia and San Fernando streets; F. Robinson, Main and Commercial streets; Frank Beylone, No. 560 New High street; L. Hirschfeld, No. 117 Court street.

The petition of Last & Fisk for the transfer of the liquor license now in the name of Joe Bayer & Co., was granted, as was also the petition of David Purcell for the transfer of the permit for a saloon at No. 326 North Main street, now in the name of Purcell & Willis.

Applications for positions on the force were received from E. Lyon and John A. Dittus, which were placed on file. Commissioner Lewis called up the matter of the suspension of Officer Van Cleave, which had been laid over for two weeks pending an investigation of the case. The said officer was removed, and Sam Dugan was appointed to the vacancy, which motion prevailed.

In the matter of the proposed amendment to the code to cover certain points for the suppression of Chinese lotteries, Chief Glass presented the following letters, which explain the reasons for the proposed amendment and Assemblyman Matthews:

"Your favor of the 6th inst., in reference to the amendment of section 330 of the Penal Code received. Sickened and absent from the Senate in consequence of a severe cold, I could have presented the matter in the Senate if you had formulated a bill, but will do so myself and present it Monday."

"In answer to yours of the 6th, amending section 330 of the Penal Code, covering the abominable lottery cases, you have to deal with, will say that I will upon Monday look the matter up, and if possible have the law corrected, as per your letter and that you have the situation in the papers you are getting into hot water. I have every confidence in the bill that it will come right, and I believe that the people of this city have the utmost confidence in you, and I shall, for one, at least, give you the benefit of the law by saying that you are innocent of any dereliction of duty until you are proven guilty. Hoping that you are well, and that the war has ceased upon you, I am, very truly yours, JOHN K. MATTHEWS."

Chief Glass announced the death of Officer Clayton, and on motion of Commissioner Collins, it was decided that such of the Commissioners as could do so should attend the funeral, and the Chief make a eulogy of the fallen officer.

The Commission then adjourned, just as Mayor Hazard entered the room, and retired into the private office, where an informal conference lasting some time was held.

**FIRE COMMISSION.**

The Fire Commissioners met in the Mayor's office yesterday with Mayor Hazard presiding and Commissioners Brodick, Kuhn and Stern present.

A communication was received from the City Clerk notifying the Commissioners that they had been authorized to purchase two fire alarm boxes asked for.

A communication was also received notifying the Commissioners that the suit involving the Plaza engine house had been decided against the city, and on motion of Commissioner Kuhn the City Engineer was instructed to confer with the owner of the property with a view to renting the same.

On motion of Commissioner Stein, the Council was requested to pass an ordinance making a new fire district, and to put in fire alarm boxes at the corner of Grand street and Pasadena avenue, at the corner of Soto street and New York avenue, and at the corner of Broadway and Louisiana avenue, which communication was referred to the Chief.

The usual demands were presented and ordered paid, and after a few minutes the board adjourned.

**THE EAST SIDE.**

Matter for the City Engineer—More Fire Alarm Boxes Needed.

L. A. Fuller, late of The Needles, is spending a few days with his old friend, A. Moore of Pasadena avenue.

The City Engineer's attention is called to the storm-water that runs to the corner of College street and upper Main street at the west end of the viaduct. The sewer has been tapped at this point, and the water and mud that runs into it will soon fill it up.

The question of fire alarms on the East Side is again a matter of serious import with the citizens. The late fire that occurred on Mozart street, near Water, could have been avoided to such an extent that a trifling cost would have been necessary had there been an alarm box near the place of the fire, but instead of a fire alarm parties giving the alarm had to run to the engine-house, which is something over half a mile distant. It would seem to a consistent citizen, whether he had an amount of good business sense or not, that fire alarms ought to be placed in localities that would be accessible in case of fire; if not the department might as well be dismissed and the community left with the old bucket system.

Miss Della E. Ledbetter leaves for Albrook, San Diego county, today, where she will take charge of the public school of that place.

The friends of F. H. Brockway are pained

to learn of his death, which occurred yesterday on North Walnut street. He came to Los Angeles about a year ago from Massachusetts for his health, but like many others he waited too long, and consumption claimed him for its victim.

J. B. Lamb of Worcester, Mass., came from San Diego, yesterday, where he has been visiting friends, and is stopping over for a few days with his friends here. Weeks. Mr. Lamb was in this country four years ago, and remarks that California has made great improvements during those years. He will leave for the North the latter part of the month.

Mrs. Greene, who has been spending the winter with her sister, Mrs. Charles Teel, went North today very much improved in health, and thence returning in the spring.

## SOCIETY.

## THE COOKING CLUB.

The Los Angeles Cooking Club, which was organized a few weeks ago by several of the leaders of society, is all the "go" this week and other matters have been entirely ignored for the time being. Several hundred ladies of all ages from sweet sixteen to unknown quantities have taken up the new craze, and daily between the hours of 2:30 and 5 p. m. an animated scene may be witnessed in the old St. Vincent's building back of the Broadway Market.

Notwithstanding the fact that the rain came down in buckets yesterday afternoon, the little hall was crowded with seekers after knowledge in the art that should stand first in the breast of every woman who has any interest in man at heart. The chief cook, Mrs. Sophie W. Knight, is evidently an expert in her line, for during her lecture on liquid food yesterday, she succeeded in holding the attention of her fair hearers notwithstanding the fact that a number of new bonnets came in late. She is an old hand at the business, and when ever she caught a couple of dozen pair of bright eyes centering the latest in hat trimmings, she would spring some important question on beef bones that brought the wondering eyes back to her portly person with a snap.

Mrs. Knight has a first-class cook shop rigged up in one end of the hall on a raised platform. She is armed with a big range and pans, spoons and other implements too numerous to mention. Mrs. Knight illustrates her remarks in a business-like manner that will bring the water to any hungry man's mouth. The ladies are armed with notebooks and stub pencils, and during the lecture they amuse themselves by asking questions and jotting down points. Even the old-timers pick up a few things and seem to enjoy it. To illustrate the manner of asking questions and taking points it is necessary to refer to but one incident.

"Mrs. Knight, do you use cold or hot water to make soup?" asked a fair young housekeeper who has not yet escaped her teens.

"Cold water, my dear," replied the chief cook, and quicker than a flash fifty stub pencils flashed through the air and kissed fifty sets of ruby lips, and the word "cold" found a place on many notebooks.

These lessons will be kept up until every man in the city can boast of having at least one good cook under his roof.

The club is managed by Mrs. G. D. Stephens, Miss Alice Severance and Mrs. Charles T. Parsons. Among the ladies present yesterday were the following: Mrs. Manning, Mrs. E. E. Kiffin, Mrs. L. F. Scott, Mrs. C. M. Severance, Mrs. J. H. Stephens, Mrs. Judge Hendricks, Mrs. J. Chapman, Mrs. J. C. Newton and Miss Newton.

Mrs. B. S. Caswell, Mrs. Thomas Barrett, Mrs. F. B. Fitch, Mrs. E. L. Betts, Mrs. Charles T. Parsons, Mrs. Teal, Mrs. A. Stevens, Mrs. H. H. Baker, Mrs. Fred Perry, Mrs. F. W. T. Neale, Mrs. D. Phillips, Miss Phillips of Denver, Colo., Mrs. T. Welden, Miss Jones, Mrs. W. W. Robinson, Miss Marshall, Miss Foreman, Mrs. Littlefield, Miss Pease, Mrs. Baldwin, Misses Porter, Mrs. Locke, Mrs. J. C. News, Mrs. Poles, Mrs. Willis, Miss Wills, Mrs. K. C. Carleton, Mrs. Col. Presbey, C. Baker, Mrs. S. J. Somerby, Miss M. F. Fette, Mrs. Dr. Wing and others.

**NOTES AND PERSONALS.**

A number of members of the Los Angeles Athletic Club will visit the Pasadena club this evening.

The Ellis Club concert at the Grand Opera House this evening promises to be largely attended.

The hop at the Bellevue Terrace last evening and the success of the Chesterfield Club was a success.

Mrs. Dr. Simonton of Oakland and Mrs. Dr. J. R. Laine of Sacramento are visiting relatives in Los Angeles.

W. T. Neale was one of the arrivals at the Nadeau yesterday instead of W. S. Veale, as stated in yesterday's issue.

Mrs. C. Meyer, Miss Henrietta Meyer and Miss Sophie Jacobs of San Francisco, who have been at the Coronado during the past week, came up on the noon train yesterday, and have rooms at the Hollenbeck. They will be here a week or ten days.

S. L. Carter, Grand Chancellor of the Gray Lodge, No. 1, of P. O. E. will reach this city from the north today, and will be at the Hollenbeck. Rooms were engaged for them by the local K. of P., and Fred Clay and Fred Cowley had the room handsomely decorated with flowers and evergreens.

**California Patents.**  
Messrs. Hazard & Townsend report the following list of patents issued to residents of California Tuesday, February 19:

Dividing attachment for movers, Mark Anthony, San Francisco.  
Cable street railway, Lewis M. Clement, Oakland.  
Chair, Julia W. Craig, San Francisco.  
Combined street-car fender and brake, Geo. H. H. Monroe, assignor of one-half to E. F. Spence, Los Angeles.  
Lens for illuminating-tiles, Peter H. Jackson, San Francisco.  
Thrashing machine, Edwin McDonald, Willow.

Brake for cable cars, James F. Walt, assignor of one-half to W. Hollis, San Francisco.

**Mr. Brodgon's Water System.**  
A. Brodgon is a man with a wooden leg. He lives in the Electric tract in the western part of the city. Formerly he devoted his energies to poultry raising, and so successfully that he laid by money enough to dig a well on his lot and equip it with a substantial windmill and tank. The water was good—much better than that delivered by the water company—and he found that his neighbors would buy it if he could deliver it satisfactorily. So, as rapidly as he could afford it, he bought pipe and extended his "system," and today he supplies houses enough in his neighborhood to bring him in a comfortable income and make him entirely independent of the chicken business.

**Rankel and Montijo.**  
The preliminary examination of Rankel and Montijo, the two Mexicans who are charged with having robbed another Mexican named Buena, after first getting him drunk, and then having him arrested on a charge of disturbing the peace, was commenced before Justice Austin yesterday afternoon. Several witnesses were examined, and so far the evidence is all dead against the prisoners. The examination was not concluded last evening, and will be resumed at 10 o'clock this morning.

**THE LADIES DELIGHTED.**  
The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions, make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effective in acting on the kidneys, liver and bowels.

**THE AUCTION SALE** of a large number of Lots and Cottages at Rhodes & Reed's, corner Second and Broadway, has been postponed to Thursday, February 20th, at 10 a. m., weather permitting.

**SEE MISS DR. WELLS**, who has for many years successfully practiced in giving prompt relief in female diseases, even from first treatment. Painless rectal treatment. Electrically used in all forms. Sprayed Salt Vapor Baths for positive cure for rheumatism, catarrhs, bladder and kidney troubles, guaranteed cure for dropsy, also for organic or functional heart disease. Prescription sent by mail for \$1, and by express, \$1.50. Dr. W. Wells, The Clifton, 223 N. Broadway; office 2 to 9.

**GO TO ARROWHEAD HOT SPRINGS** and have that rheumatism cured with hot mud (magnetic mud).

## THE RAILROADS.

## Mr. Stubbs Commends Mr. Gould's Scheme.

## SETTLING A REBATE CASE.

Slight Damage Caused by the Rain—A Spur Track to the Tin Mines—Snow in the Cajon.

Second Vice-President J. C. Stubbs of the Southern Pacific has returned to San Francisco from his eastern tour, which has occupied two months' time. To a reporter he said regarding that pet scheme of Mr. Gould's—a combination of the Western roads under an advisory board, to secure an equitable distribution of traffic:

"This scheme, which, in my opinion, is the best ever proposed, is in a fair way to succeed, though of course a great deal depends upon those appointed to carry out the details of it and keep all on the machinery. The Chicago, St. Paul and Kansas City line has not yet become a party to the agreement, and it remains for the promoters of the enterprise to prove to it that the combination, by hard work and harmonious action, obtain the objects desired. The association covers a vast territory—the largest covered by any association of a like character—and the work of arranging matters necessary to its successful operation has been correspondingly difficult. Mr. Stubbs said also that considerable difficulty was experienced in attempting to allot unassigned territory among the various associations.

**A REBATE ASKED.**

The board sustained the report of Commissioner Hea in the matter of the complaint of G. A. Heinlan of San Jose against the Southern Pacific company. It seems that the company charged Heinlan \$95 freight on junk from San Francisco to Leno, Tuolumne County, the value of which was only \$40. He paid this charge under protest. The old Board of Railroad Commissioners did not give him any relief, but once the present Commissioner Hea reported that Heinlan had been excessively overcharged and suggested that the board should make out a new schedule for this class of freight, the board reduced the rate to 30 cents. The secretary was instructed to ask the Southern Pacific company to make a rebate of 20 per cent in Heinlan's case and to notify the company of the proposed revision of the schedule. (San Francisco Call.)

**SCAP HEAP.**

The Santa Fe overland is keeping nearer to schedule than these days.

Ten carloads of Raymond & Whitcomb excursionists went to Santa Barbara this morning.

Some of the eastern papers persist in selling a story about all the railroads in this country.

A strong effort is being made to secure the construction of a road between Prescott and Phoenix, Ariz.

An excursion will leave Chicago today en route to Los Angeles by way of the Santa Fe. About one hundred people are in this party.

T. H. Dozan of the Burlington and Jay W. Adams of the Chicago and Alton are in Santa Barbara looking for some eastbound business.

General Manager Wade yesterday afternoon received word that five inches of snow had fallen up to 5 o'clock yesterday afternoon, making the total for the season 6.50 inches. The weather prophets say that the storm is not yet over, and that there will be at least one big rain before the 1st of the month.

A washout occurred on the Southern Pacific yesterday at Mammoth Tank this side of Yuma. The damage was repaired at once, and trains were delayed but a few hours.

Several small washouts have thus far occurred on the Southern California lines of the Santa Fe, but by the exercise of great care in the running of trains accidents have been avoided.

The Santa Fe company will soon build a spur line from South Riverside to the Tempe and the Chicago and Alton are in Santa Barbara looking for some eastbound business.

The United States will furnish railway ideas to the world. Now the Emperor of Germany will send an expert over here to study the ways of American railroading. If the "ambassador" chances to run across Jay Adams, he will be sure to get into a hot place.

The Chicago, St. Paul and Kansas City road (the Maple Leaf route), is about to establish an agency in San Francisco, and it is rumored that Henry Cassidy, late contractor freight agent of the Atlantic and Pacific, will be placed in charge.

Chairman G. C. Magoun, of the Atchafalaya, Topeka and Santa Fe directors say he feels sure that both passenger and freight rates are better maintained in the territory west of Chicago and St. Louis at this time than at any period within the year past.

Col. C. S. Schenck, a wealthy capitalist of Toledo, O., was in the city a few days last week, and he is a most reliable source that Col. Schenck has become financially interested in the Los Angeles Terminal Railway, and has invested heavily in the enterprise.

General Manager Burnett of the Terminal railroad today confirmed the rumor referred to in this paper yesterday that a large force of men would be put at work by the construction of the road. He says that the work will be begun in real earnest as soon as the weather will permit.

**KISSED ANOTHER MAN'S WIFE.**  
"You scoundrel," yelled young Jacob Green "at his good neighbor Brown."  
"I kissed my wife on the street."  
"I ought to knock you down."  
"That's where you're wrong," good Brown replied, "I kissed her; that I've not denied."  
"I kissed her on the cheek, and she said to me and I did so because she looked so handsome—the very picture of beauty and health. What is the secret of it?"  
"Well," replied Green, "since you ask it, I will tell you; she uses Dr. Pierce's Favorite Prescription. I accept your apology. Good night."

An unhealthy woman is rarely, if ever, beautiful. The peculiar diseases to which so many of the sex are subject, are prolific causes of pale, yellow faces, blotched with ugly pimples, dull, listless eyes and emaciated forms. Women so afflicted can be permanently cured by using Dr. Pierce's Favorite Prescription; and with the restoration of health comes that beauty which, combined with good qualities of head and heart, makes women angels of love.

"Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturer, that it will give satisfaction in every case, or money will be refunded. It is a positive specific for leucorrhea, chronic, or falling of the womb, weak back, nervousness, restlessness, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb.

World's Dispensary Medical Association, Manufacturers, Buffalo, N. Y.

**DR. PIERCE'S PELLETS** Purely Vegetable, or Cathartic, according to size of dose. By druggists. 25 cents a vial.

## CHAMBER OF COMMERCE.

## Citrus Fair Arrangements—Letter From Gov. Markham.

## The Chamber of Commerce has succeeded

in inducing Representatives in Congress from California to secure an order for public documents, books, etc., to be forwarded to public libraries. The chamber adopted a resolution a few weeks ago which was forwarded to Washington.

Santa Barbara county has engaged the entire front gallery for its display at the citrus fair. San Diego county has engaged one-half of the west gallery. The representatives for these two counties were here yesterday.

Secretary Hanchette received the following letter from Gov. Markham yesterday:

SACRAMENTO, Feb. 14, 1891.  
H. J. Hanchette, Esq., Superintendent Citrus Fair, Los Angeles, Cal.—MY DEAR SIR: Your letter of January 30 has just been handed to me. Please accept my thanks for the kind invitation therein contained, to be present at the opening of the citrus fair on March 3 next. I will make every effort to be present, although I fear it will occur during the closing days of the Legislature, which may require my presence here. I would advise that you select some other person to deliver the address. Should I find it possible to get away, I know it will be impossible for me to devote any time to the subject, so as to do myself and the fair credit. Should I find it possible to come, I will write my staff to accompany me, as suggested.

I hope and trust that you will make this one of the most successful exhibitions that you have ever had in Southern California. By the way, they have sent me photographs of all the designs and arrangements at Marysville. If you have not got them there, I will gladly forward mine to you, that you may refer to them if they did. I can assure you that the effect of their display was marvelous.

Yours, very truly,

H. H. MARKHAM.

**The Rain.**

The rain commenced again about 3 o'clock yesterday morning and continued at intervals during the entire day, one-half inch having fallen up to 5 o'clock yesterday afternoon, making the total for the season 6.50 inches. The weather prophets say that the storm is not yet over, and that there will be at least one big rain before the 1st of the month.

## FORTY-FIFTH ANNUAL STATEMENT OF THE CONNECTICUT MUTUAL Life Insurance Co.

OF HARTFORD, CONN.

NET ASSETS, January 1, 1890, \$50,332,841.24  
RECEIVED IN 1890:  
For premiums, \$4,416,578.31  
For interest and rents, 3,059,491.49

## AT WASHINGTON.

## The Silver Hearings to End Tomorrow.

Some Acrimonious Discussions at Yesterday's Session.

The International Copyright Bill Passes the Senate.

Interesting Figures as to Population and School Attendance Furnished by the Census-National Notes.

By Telegram to The Times.

WASHINGTON, Feb. 18.—[By the Associated Press.] Francis Newlands today resumed his statement before the House Coinage Committee in advocacy of the free coinage of silver. Newlands and Representative Walker combated each other on the question of the former that the price of products rose and fell with the advance and decline of the price of silver.

Mr. Bartine and others wanted to know how long the examination would be kept up, and another wrangle ensued.

Mr. Williams of Illinois moved that the hearings close with today's session.

Mr. Tracy of New York as a substitute moved that the hearings cease at 12 o'clock Friday.

Mr. Williams said he would vote for the proposition of Mr. Tracy under protest because he could not help himself. Mr. Hand made a similar statement so by unanimous consent it was agreed that the hearings should cease on Friday noon, and that a vote of the bill should be taken at 1 o'clock on that day. Mr. Warner of Ohio called attention to the charge that the advocates of free coinage were not willing to be questioned, and stated he was willing to answer inquiries which might be made.

Mr. Walker asked if he was not the head of the National Silver Executive Committee, and when Mr. Warner responded in the affirmative Mr. Walker inquired how much money had been expended to promote silver legislation.

Mr. Newlands interrupted with the remark that he had given the statement of the expenditures to the Silver Pool Investigating Committee and he advised Mr. Warner not to answer the question.

Mr. Warner declined to give the amount, but declared that \$5 had been expended by the gold pool and bank pool for every dollar spent by the silver men. Mr. Warner declared he represented no pool, and said he had been advocating the cause of silver ever since he had learned of its demonization.

Mr. Walker several times pressed Mr. Warner as to his knowledge of the existence of a gold pool or bank pool. Mr. Warner's response was in effect that he had no knowledge except that it was in the public press.

If the programme agreed upon today by the committee to govern its action upon the senate bill is carried out, it will make it impossible to pass that bill a second time, if the President declines to approve or disapprove it. The period of time between 1 o'clock on Friday and noon of March 4 is just one hour less than the period of ten days, exclusive of Sunday, in which the President is permitted to retain the bill without returning it to Congress.

## FIFTY-FIRST CONGRESS, SECOND SESSION.

WASHINGTON, Feb. 18.—[By the Associated Press.] Senate.—A number of pension bills passed, including bills increasing the pensions of the widows of Gen. Custer, Admiral Wilkes, and Daniel Ullman to \$100 a month.

The Copyright Bill was then taken up and passed—yeas, 36; nays, 14.

The Senate then proceeded to consideration of the substitute for the House bill providing for the adjudication and payment of claims arising from Indian depredations. Adjourned.

House.—A conference was ordered on the District of Columbia Appropriation Bill and on the Military Academy Appropriation Bill.

The House then proceeded to further consideration of the Indian Appropriation Bill, which then passed.

The House then went into committee of the whole on the Postoffice Appropriation Bill.

In the general debate Mr. Blount of Georgia argued against the Shipping Bill.

O'Ferrall of Virginia also argued against the Shipping Bill. In the course of his remarks he touched upon the silver question and declared that Grover Cleveland was deeper down in the heart of the Democracy of the country than any other living man.

Whatever his position might be today on silver coinage, when the National convention spoke in 1892, he would endorse the principles of the platform whatever they might be.

Adjourned.

## CENSUS FIGURES.

Statistics of the Population and School Census.

WASHINGTON, Feb. 18.—[By the Associated Press.] The Census office has in press a bulletin showing the general enrollment of public schools in Arizona, California, Connecticut, the District of Columbia, Maine, Maryland, Massachusetts, Montana, North Carolina, Ohio, Oklahoma, South Dakota, Vermont, Virginia, Wyoming, and eighty-three cities. The most striking showing of the bulletin is the comparative growth of population and public school enrollment.

In New Hampshire, Maine, and Vermont, however, there has been a slight decline in the public-school enrollment. The relative gain is generally greatest in the South, but the phenomenal extreme of gain in population and school enrollment is shown in South Dakota. The following figures are taken from the table:

State.	Population.	Per cent gain in Population.	Schools.	Per cent gain in Schools.
Arizona	47,43	85.8	37,23	37.23
California	39,25	37.23	28,74	28.74
Montana	28,74	28.74	20,12	20.12
North Carolina	251,59	27.98	163,36	27.98
South Dakota	234,60	192.01	142,59	142.59
Wyoming	192,01	142.59	142,59	142.59

The ratio of men to women among teachers in the States and Territories under consideration vary from a minimum of 10 men to 92 women in Massachusetts to a maximum of 100 men to 101 women in South Carolina. If the

colored teachers of South Carolina are taken separately there appears to be 100 men to 38 women. Other New England States approach the ratio of Massachusetts, while Ohio shows a higher ratio of men than any other northern State, closely followed by Arizona and Pennsylvania.

## CLOSED ITS DOORS.

A Trust Company in New York Forced to Suspend.

NEW YORK, Feb. 18.—[By the Associated Press.] It was announced today that the American Loan and Trust Company had closed its doors. This evening Bank Commissioner Preston said: The closing of the bank was brought about by unexpected demands by certain savings banks. The amount which it was asked to pay was between \$200,000 and \$300,000. The company had not this amount, and while the officers were discussing what had better be done I came here, ascertained the facts and took possession. When the business was figured up last Friday the assets were \$2,168,088; the amount loaned on collaterals was \$2,132,450; the value of collaterals as figured out was \$1,513,637; the liabilities amount to \$2,824,827; and the apparent deficiency is \$666,789. Since the suspension I have been waited upon by influential men and I have reason to believe it is possible that certain securities which I estimated at a low figure may be paid in full. If this is done, the deficiency will be reduced \$475,000. I believe then the remainder will be made good by the stockholders and the institution may be placed upon its feet. I am confident the depositors will be paid in full.

## THE DEAD HERO.

GEN. SHERMAN'S REMAINS ARE VIEWED BY MANY PERSONS.

Arrival of the Veteran's Son From Europe—Everything Ready for the Imposable Pageant Today.

By Telegram to The Times.

NEW YORK, Feb. 18.—[By the Associated Press.] Hundreds of people were permitted to look on the face of Gen. Sherman today. They were formed into a long line by half-past nine o'clock, and from then on during the day a constant stream of humanity passed through the house.

Secretary Barrett said this morning the funeral cortege would move as arranged tomorrow whether Rev. Thomas Ewing Sherman gets here or not.

All the commercial exchanges of the city will close at noon tomorrow. City, State and United States courts will hold no sessions, and the executive offices of the Vanderbilt railroads will also close at noon.

This afternoon a large pillow of lilies of the valley, roses and violets was received from President Harrison. The violets were brought in the form of a salute upon the pillow.

The steamship Majestic arrived off Fire Island this evening. The General's son Thomas will thus be in time for the funeral.

NEW YORK, Feb. 19.—Rev. Thomas Ewing Sherman arrived at the residence from the steamer at an early hour this (Thursday) morning.

The President and party arrived in New York early in the evening. All arrangements for the funeral are complete. The last detail was the issuing of orders to the police tonight. A large body of mounted police will head the procession, and 1200 patrolmen will be stationed along the line of march.

KANSAS CITY, Feb. 18.—Department Commander Collins of the G. A. R. has issued a general order to the department for members to attend the funeral of Gen. Sherman as the Department of Kansas. The Commandery of the Military Order of the Loyal Legion will join the Missouri Commandery in attendance upon the funeral.

A special from Fort Leavenworth says: In compliance with Gen. Schofield's orders, the military stationed here will take part in Sherman's funeral. The old war-horse Comanche, 28 years of age, will also be taken to St. Louis and follow the hearse in the funeral procession, bearing the General's accoutrements.

SAN FRANCISCO'S TRIBUTE.

SAN FRANCISCO, Feb. 18.—A public meeting, called by the Mayor and Board of Supervisors to take action regarding the public observance of the day of Gen. Sherman's funeral, was held this morning, and a number of prominent citizens were present. The discussion ended in the appointment of a Committee on Arrangements, who shall secure a hall for public services and shall request ministers of all churches to hold services on Sunday. Business men are also requested to close their places Saturday. The committee will hold a meeting tomorrow.

GEN. VEAZY'S ORDER.

RUTLAND (Vt.) Feb. 18.—Gen. Veazy, commander-in-chief of the Grand Army of the Republic, issued the following order:

All posts of the Grand Army of the Republic are ordered to meet the funeral train of Gen. Sherman at railroad stations en route from New York to St. Louis and salute the remains as they pass by.

THE PRESIDENT AND CABINET.

WASHINGTON, Feb. 18.—The President and all members of his Cabinet left here this afternoon on a special train for New York to attend the Sherman funeral. Mrs. Blaine and Mrs. Damrosch will be the only ladies in the party.

The World's Fair Labor Question.

CHICAGO, Feb. 18.—Attorney Wilson, of the board of directors of the World's Fair, today prepared a contract to be signed in regard to the employment of labor on the World's Fair buildings. It recognizes the eight-hour day, but makes no reference to union or non-union men, except to prohibit the employment of alien labor. The union question will be settled at the next meeting of the directors. Meantime work has been resumed in Jackson park.

The Fayerweather Will.

NEW YORK, Feb. 18.—The Surrogate today rendered a decision in the Fayerweather will case. He would not admit any document to probate, but would shift the burden of proof as to undue influence to the shoulders of the contestants.

Forced to Assign.

CHATTANOOGA (Tenn.) Feb. 18.—The Anna Coal Company has assigned, with liabilities of \$90,000 and assets in lands and mines of \$300,000. Inability to secure an extension of paper was the cause.

## ALONG THE COAST.

## The Lawrence Murder Trial at Santa Barbara.

Some Strong Evidence Introduced by the Prosecution.

The Greenwood Murderers Arrested at Carson, Nev.

Continuance of the Great Rainstorm San Bernardino Says She Has Enough Moisture for This Year.

By Telegram to The Times.

SANTA BARBARA, Feb. 18.—[Special.] On the convening of the Superior Court here this morning the information was read to the jury charging Dr. Lawrence with the crime of uxoricide, to which he had entered a plea of not guilty. District Attorney Putnam then opened up the case for the people and told the jury that the prosecution would show a long train of abuse and torture by the defendant toward his wife and that it would further show by competent medical testimony that the beating and kicking she received from him on the evening of November 8th last had caused her death.

Several witnesses gave testimony about the assault on that evening, describing the blows and kicks upon the deceased by the defendant, and hearing her screams and pleadings for mercy.

Altogether the State has made a good showing of guilt. The defendant seemed greatly affected by the recital, occasionally shedding tears. His language, according to the testimony, on the occasion of the assault, was of the vilest and most obscene nature.

WHISKY MEN ALARMED.

The Discovery of Frauds Causes Them to Pony Up.

SAN FRANCISCO, Feb. 18.—[By the Associated Press.] The revelations published a few days ago concerning offenses committed against the liquor laws by wholesale dealers throughout the State, have not been without salutary effects. A number of dealers who did not care to be ranked in the criminal category made haste to seek the revenue agent and adjust possible delinquencies. So far, nearly \$14,000 has been paid in by dealers whose goods had been seized. Since the revenue officers commenced their investigations over 700 barrels of whisky have been seized because of various frauds discovered. Either warehouse dealers have been changed, as in the case of fifty barrels seized in this city, or stamps have not been erased, and in instances these barrels have been filled a second time. It was learned that in this city alone twenty wholesale dealers have been called to account for breaking the laws. They have been fined in every case from \$100 to \$500 in proportion to the gravity of their offenses.

STILL RAINING.

The Great Storm Continues—San Bernardino Has Enough.

SAN FRANCISCO, Feb. 18.—[By the Associated Press.] The Signal Service reports the following rainfall during the past twenty-two hours: Sacramento, .14; San Francisco, .34; Los Angeles, .50; San Diego, .60; Yuma, 1. SAN BERNARDINO, Feb. 18.—The storm commenced again last night and it rained till morning and nearly all day. The downpour has been quite heavy and streams are getting higher than before this winter. The rainfall in this county is now greater than the average for twenty years. More rain is not needed now.

THE NAPA TRAGEDY.

Arrest of the Supposed Greenwood Murderers in Nevada.

CARSON (Nev.) Feb. 18.—[By the Associated Press.] Sheriff Botsford today captured the supposed murderers of Mrs. Greenwood of Napa. They gave the names of William Anderson and William Jones alias O'Brien, and both answer the description given by Mr. Greenwood, with the exception of the mustache. One is a Swede, the other an American. One has been sent to Napa by mail, with photographs of both men.

Frisco's New Abattoir.

SAN FRANCISCO, Feb. 18.—At the office of the South San Francisco Land and Improvement Company this afternoon, Peter Her, the manager, said the company would probably spend \$1,000,000 in improvements during the coming year. The tract which the company has acquired extends from San Bruno Point to Haden. Plans have been prepared for some buildings connected with the abattoir which will be erected. In addition a large part of a lawn site has been mapped out. The company will have deep water at free wharfs at the basin connected by a canal with the bay, and this inducement may persuade manufacturers to locate there. It is proposed to make this point the center of the dressed beef industry of the coast. The abattoir will cost from \$125,000 to \$150,000. The capacity for business will be to slaughter 800 hogs, 1500 hogs and 2000 sheep per day.

Must Stand His Trial.

SAN FRANCISCO, Feb. 18.—Arguments on the demurrer were heard this morning before Judge Hoffman in the United States District Court in the case of James McCudden, the contractor of Vallejo, indicted for presenting fraudulent bills to the Navy Department for coal that he did not deliver according to contract. The judge overruled the demurrer and the case will now come to trial.

An Invalid Ordinance.

SAN FRANCISCO, Feb. 18.—In the case of Ah You, the Supreme Court today decided that the section of the city ordinance imposing a fine not to exceed \$1000 on any one convicted of visiting a house of ill-fame is void, for the reason that the fine is, considering the nature of the offense, excessive, and is not in harmony with the laws of the State.

Will Not Strike.

SAN FRANCISCO, Feb. 18.—F. E. Wilkinson, grand master of the Brotherhood of Trainmen, arrived from Gallegos today. When asked if there is fear of a strike, he emphatically answered "No."

Heavy Attachments.

NEW YORK, Feb. 18.—Attachments aggregating \$122,500 were issued today against the Kentucky Union Railway Company and the Kentucky Union Land Company, with headquarters in Louisville.

## I WILL SET ANY PORTION OF MY CRANGE GROVE TRACT

FROM 5 ACRES UP TO 50 ACRES

—TO STRICTLY—

## First-Class Orange Trees,

—GIVE IT—

## THREE YEARS' CARE

And will sell the Land, including Trees and Care, for \$500 PER ACRE.

This proposition means that you have no expense on the Orange Grove except the original purchase price, for three years, or until the orchard comes to bearing. You have your choice of varieties: Navela, Malta Bloods, St. Michaels, Hart's Tardiffa, Homesteads, Mediterranean Sweet Oranges, or Villa Franca Lemons. If you want an Orange Grove, it will pay you to see the Orange Grove Tract and see what has been accomplished there in one year, and see the kind of care trees will have if I plant them and care for them. Irrigating and domestic water delivered under pressure, one inch to each eight acres of land.

Investigate all the advantages of the Orange Grove Tract before you buy. A part of this Tract is in the city limits of Pomona and a part just outside the limits.

## NEWS AND BUSINESS.

**The Weather.**  
SIGNAL OFFICE, LOS ANGELES, Feb. 18.—At 5:07 a. m. the barometer registered 29.72, at 5:07 p. m. 29.55. Thermometer for corresponding periods, 48°, 49°. Maximum temperature, 50°; minimum temperature, 46°. Weather—Cloudy. Rainfall twenty-four hours, .50; rainfall for season, 8.35.

**INDICATIONS.**  
SAN FRANCISCO, Feb. 18.—Forecast till 8 p. m. Thursday—For Southern California, rain; cooler at Yuma.

"Anglomaniacs Abroad," lecture by Rev. R. S. Cantine, D. D., tomorrow evening at First M. E. Church, Broadway.

This rain is considered to be worth fully two million dollars. If the day passes without rain, the figures could be shaded a little.

Don't fail to hear Dr. Cantine tomorrow evening. Tickets, 25 cents. For sale at Hule's, Merrill & Co.'s, Seymour & Johnson's and McKoon & Gay's.

Owing to the bad weather admission to the cooking lecture will be 25 cents instead of 50 cents. An interesting lesson will be given at 2:30 o'clock this afternoon.

Snow in the mountains and rain in the valleys has been the order for the past forty-eight hours. The regions of winter and summer lie very close together in California.

There is a strong undercurrent of interest in mining just now, and the man who "knows of something good" in that line doesn't need to go far in search of some one who will listen to him.

A new evening paper, to be called the Evening Star, will be issued in Santa Barbara, commencing next Monday, the proprietors of which will be Henry S. Walker and J. F. Goodwin. Mr. Goodwin was formerly of Los Angeles.

Owing to the inclement weather the introductory concert which was to have been given by Miss Alice A. Austenell at Turner Hall last evening has been postponed until Monday. The original programme will be given at that time.

The social of the First Christian Mission comes off tonight at Union Hall, corner of Grand Avenue and Seventeenth street. A good programme is arranged and a pleasant time is anticipated. All are invited.

Three young boys, all under fourteen years of age, were arrested at Oakland a few days ago for beating their way on a freight train. One was all the way from Missouri, and the others were from Ohio, though they had but 50 cents collective capital, they were trying to make their way to Los Angeles.

Architects, owners and builders should examine the carved specimen of Ventura brick stone (now on exhibition in the window of St. & Thayer on South Spring street) which stands a pressure of nearly 8000 lbs to the cubic inch and in color and texture is almost identical with the famous Connecticut brown stone.

C. Scherer, the well-known contractor, left yesterday afternoon for San Francisco, to be gone a week or ten days in the interest of his granite quarry, a brief absence which appeared in The Times a few days ago. The quarry is located at Oro Grande, not Hesperia, as one would be led to suppose from the name generally given to "Hesperia granite."

It is a great pity that hotels in this part of the country are not better provided than they are for making their guests comfortable in cold, rainy weather. A gas or oil stove is a very poor substitute for a genuine fire, and if the unhappy tourist who strikes California in a time like this grows hourly more miserable and melancholy and hastens on, mistakenly believing the country a fraud, who is to blame?

The tourist who is going to San Francisco or San Jose should by all means visit Santa Cruz-city of the Holy Cross—situated on the loveliest bay—Monterey—in the world. Naples not excepted. The most delightful spot in the state, the Big Trees, giant redwoods, majestic sea cliffs, natural bridges and white sand beaches, where the shells abound, are sights, if missed, to be forever regretted. The citizens are most hospitable, and the hotel—Pope House—notes for its solid comfort.

## JAILER CLAYTON DEAD.

An Eventful Life Brought to a Close.

City Jailer William Clayton, who had been sick for four days with pneumonia, died suddenly yesterday morning shortly before 7 o'clock, at his residence, No. 251 North Hope street. Police Officer Downie, who sat up with Mr. Clayton during the night, had only been gone a few minutes leaving him alone with his wife. He had been delirious during the night, but was resting easily at the time of Mr. Downie's departure. A few minutes before 7 o'clock the sick man remarked that it was "time he was turning out the chain-gang," and got out of his bed, when he fell to the floor, and died in a few minutes.

Mr. Clayton, or "Uncle Billy," as he was generally called, was well known all over the coast, and had friends in almost every city and town from San Francisco to the city. He was born in Manchester, England, about 58 years ago, and came to the United States when quite young. He was a painter by trade, and after following that vocation for a short time he joined the army and was sent to New Mexico, where he was assigned to Company F of the First Cavalry, commanded by Maj. William K. Kalkhoe, at a small village or town known then as San Fernando de Taos. The company was ordered to California about the year 1855 or 1856, and stationed at Fort Tejon, where he served the remainder of his enlistment and was honorably discharged. He came to Los Angeles about that time and worked at his trade. Business becoming dull, he went to San Francisco, and there did a lucrative business for many years. He was well-liked by his fellow-craftsmen, and wielded quite an influence among them.

When the United States purchased Alaska from the Russian government he was employed by the government to go to Alaska as an employee, and to the military department. After about three years honorable service he returned to San Francisco, and again resumed his business as a painter, and continued as such until Mr. Kalkhoe was elected Mayor of San Francisco. Mr. Kalkhoe, on assuming the duties of office, selected Mr. Clayton as his confidential adviser, and as usual he acquitted himself creditably, faithfully supporting his friend the mayor until the last. His health by this time was not as good as usual, and he thought by moving to Los Angeles it might improve. He did accordingly, and for a time worked at his trade, but about three years went on the police force as jailer, where he has since remained.

Mr. Clayton leaves a wife and married daughter in this city, and a son in San Francisco, who will probably come down to attend the funeral, which will be today or tomorrow.

Don't commit suicide! If you have dyspepsia, with headache, heartburn, distress in the stomach, no appetite, and all are worn out—but take Hood's Sarsaparilla and be cured. It creates an appetite, and gently regulates the digestion. Sold by druggists.

## A Splendid Exhibit.

Policy holders in the Connecticut Mutual Life Insurance Company have good cause to congratulate themselves that they are insured in a company that can make such an exhibit as the one presented in the fortieth annual statement, published elsewhere today. Concisely stated, the company has reduced the cost of doing business to six-tenths of 1 per cent in one year, has increased its policy liability nearly \$1,000,000, has increased its surplus to \$52,000,000. It has received from premiums \$1,520,000,000 and disbursed to policy holders \$1,530,000,000. This is sufficient to justify the fullest confidence in the company's management.

THE CITY STEAM CARPET CLEANING CO., have opened a branch office at 454 and 456 S. Broadway. John Blosser, prop.

## SHERMAN-PORTER.

MEMORIAL SERVICES TO BE HELD  
SUNDAY AFTERNOON.

Full Programme Agreed Upon by the  
Committee on Arrangements  
Simpson Tabernacle Se-  
lected as the Place.

Yesterday afternoon at 1:30 o'clock the Committee of Arrangements for the Sherman-Porter memorial exercises met in the office of J. C. Oliver on Broadway and First streets. There was a full committee present with the addition of Maj. Elderkin, U. S. A., representing the regular army and Col. Schriber of the National Guard.

Rev. Will A. Knighton tendered the use of his church for the memorial services, which was accepted, and it was resolved to hold memorial services at 2 o'clock, Sunday afternoon.

A full programme was then adopted as follows:  
First—Music by the Seventh Regiment Band.  
Invocation—Rev. Mr. Holloway.  
Hymn, "America,"—the choir.  
Scripture reading, Rev. Mr. Cobb.  
Prayer—Rev. Mr. Russell.  
Vocal solo, "Star Spangled Banner"—Mr. Beeson.  
Address, "Gen. Sherman"—Gen. McCook.  
Music by the band.  
Address, "Admiral Porter"—Gen. Rolins.  
Anthem—the choir.  
Prayer, "Washington"—Judge B. N. Smith.  
Vocal quartette—The Ellis Club.  
Benediction—Rev. Will A. Knighton.

The following officers and committees were then appointed:  
Master of ceremonies, Gen. E. P. Johnson, assisted by aids, Capt. H. K. Bailey, U. S. A., Comdr. E. K. Alexander, G. A. H. M., J. S. Butler, Local Legion.  
Committee on printing—N. Sherman and H. G. Shaw.  
Committee on music—W. G. Schriber, J. A. Oard, and J. C. Oliver.  
Committee on programmes—C. H. Haskins and Maj. Elderkin.  
Committee on finance—Gen. E. Bonton, J. S. Butler, W. J. Johnson, J. M. Johnson and H. V. Van Duzen.  
Committee on Decorations—E. W. Clark, G. Alexander, T. F. Laycock, Mrs. Sirena, president of the Ladies' Aid Society, Mrs. H. E. Alexander, president Stanton (Relief Corps), Mrs. Shinn, president Logan Relief Corps, Mrs. Munsey, president Geleish Relief Corps. This committee will meet in Simpson's Tabernacle Saturday afternoon at 2 o'clock to decorate the church.

The committee adjourned to meet today at the same place.

## PLAHS AT HALF-MAST.

The following order has been issued from General Headquarters, N. G. C., of date February 16:

"The Commander-in-Chief announces to the National Guard of California, with much sorrow, the death, on February 14th inst., of Gen. William Tecumseh Sherman, U. S. Army, retired.

"Gen. Sherman was at one time Major-General of the militia of the State of California, and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen. Sherman said: 'Several gentlemen and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen. Sherman said: 'Several gentlemen and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen. Sherman said: 'Several gentlemen and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen. Sherman said: 'Several gentlemen and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen. Sherman said: 'Several gentlemen and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen. Sherman said: 'Several gentlemen and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen. Sherman said: 'Several gentlemen and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen. Sherman said: 'Several gentlemen and during the trying time of 1862 aided the civil authorities of the State to the utmost of his abilities, and with all the powers conferred upon him by the laws in mind and courage protecting the lives and property of our citizens. In a communication to Gov. Johnson, dated June 2, 1860, Gen.
